YOU PAY NOTHING
No fees for the consultation, case handling, or paperwork – nothing out of your pocket.

MUCH HIGHER COMPENSATION
With an attorney, clients receive on average 5–10 times more than when negotiating with insurance alone.

INSURANCE WANTS TO PAY LESS
They have an army of lawyers trained to cut payouts. Without an attorney, it's not a fair fight.

WE KNOW YOUR CASE'S TRUE VALUE
Medical bills, lost wages, pain and suffering, future treatment – everything is counted correctly.

WE HANDLE EVERYTHING
Insurance, negotiations, court if needed. You focus on recovery.

INCLUDED

WE HELP WITH YOUR CAR
Towing · **car rental** · **property damage** assessment – all handled for you.

TREATMENT WITH NO OUT-OF-POCKET COST
We work with doctors on a lien – you pay neither us nor the doctors. All costs are covered from your compensation.

"Don't let the insurance company put a price on your health"

– WARNING –

What *Not* to Do

DON'T move your car before the police arrive
Otherwise critical evidence of the accident is lost.

DON'T talk to the at-fault driver's insurance
Refer them to your attorney.

DON'T sign a release / settlement without a lawyer
It will close your case forever.

DON'T agree to a "quick settlement"
The real cost of your injuries isn't known yet.

DON'T post anything on social media
Photos and stories will be used against you.

DON'T skip doctor's appointments
Missed visits are treated as "the injury isn't serious."

DON'T wait too long
In California, the deadline to file a claim is 2 years from the date of the accident.
